

PENNSYLVANIA HOUSING RESEARCH CENTER

2017 PHRC Membership

Levels and Benefits

The Pennsylvania Housing Research Center (PHRC) serves the home building industry and the residents of Pennsylvania by improving the quality and affordability of housing. We conduct applied research, foster the development and commercialization of innovative technologies, and transfer appropriate technologies to the housing community.

PHRC membership fees will be used to support the outreach activities of the Center, Penn State students involved in the NAHB Student Chapter, and graduate students conducting research with the PHRC. Please note: **one (1) free speaking engagement** will be provided to all in-state associations/companies each year, **independent of PHRC membership**¹. For information about the PHRC, please see our webpage at www.phrc.psu.edu.

Level	Annual Fee	Benefits

¹ Speaking engagements may be limited based on the availability of staff.

² Based on sponsorship availability at the 2017 conference, the PHRC may need to transfer the free or discounted sponsorship as part of 2017 membership to the 2018 conference.

³ If credit value exceeds the selected conference sponsorship level, there is no transfer of credit to registration.

⁴ PHRC conference benefits will transition into workshop benefit of \$50 off the standard rate if membership is initiated after the annual PHRC conference has taken place. (For example, an Individual level membership obtained in May would include (2) individual workshop registrations at \$50 off the standard rate.)
